

# Production Standards and Unions

## Blended Institute

A five-week institute that blends self-paced learning with virtual classroom activities and discussion

## Production Standards and Unions

Mon, Oct 19 – Sun, Nov 8 | Tuition: \$185

Register by: Fri, Oct 16

This three-week introduction explores the genesis of production standards, the scientific management theory of Fredrick Taylor, the fundamentals for setting production standards and characteristics of various systems in use today. The use of standards and how they intersect with grievance procedures and contract bargaining is also discussed.

All registrants will receive a tutorial prior to the class start date addressing online learning best practices and how to easily navigate their online institute. Additionally, faculty and staff will be available throughout your institute to help and ensure your success!
